Powerball Strikes Again in Vermont

BERLIN, VT. – August 25, 2008 – Just a week after Vermont had its first \$1 Million dollar Powerball winner; another player won \$600,000 playing Powerball with the Power Play option.

While the winner has yet to be identified, the ticket was purchased at the Norton General Store, in Norton. The player correctly guessed the five numbers for a \$200,000 win, but also chose the Power Play option for an additional \$1. As the power play number was 3 on Saturday, the player's win was multiplied by 3X, resulting in the \$600,000 prize.

In addition, there were another 2,200 Powerball prize winners on Saturday night, with 717 players also choosing the Power Play option for an additional \$1, and multiplying their prizes by 3X.

Vermont lottery games are sold at almost 700 locations throughout the state. For information on lottery games and on-line game draw results, please visit

www.vtlottery.com.

All profits from Vermont Lottery are used to support the Vermont Education Fund. Vermont Lottery officials encourage everyone to play responsibly.
