Section 3.0 - GAME DESCRIPTION.

3.1 Mega Millions is a five (5) out of fifty-six (56) plus one (1) out of forty-six (46) on-line lottery game, drawn every Tuesday and Friday, which pays the Grand Prize, at the election of the player made in accordance with these rules or by a default election made in accordance with these rules, either on an annual pari-mutuel basis or as a cash value option using a rate determined by the Mega Millions Finance Committee on a pari-mutuel basis. Except as provided in these

rules, all other prizes are paid on a set cash basis. To play Mega Millions, a player shall select five (5) different numbers, from one (1) through fifty-six (56) and one (1) additional number from one (1) through forty-six (46), for input into a terminal. The additional number may be the same as one of the first five numbers selected by the player. Tickets can be purchased for one dollar (U.S. \$1.00), including any specific statutorily-mandated tax on a Party Lottery to be included in the price of a lottery ticket, either from a terminal operated by an agent (i.e., a clerk-activated terminal) or from a terminal operated by the player (i.e., a player activated terminal). If purchased from an agent, the player may select a set of five numbers and one additional number by communicating the six (6) numbers to the agent, or by marking six (6) numbered squares in any one game board on a play slip and submitting the play slip to the agent or by requesting "computer pick" from the agent. The agent will then issue a ticket, via the terminal, containing the selected set or sets of numbers, each of which constitutes a game play. Tickets can be purchased from a player-activated terminal by use of a touch screen or by inserting a play slip into the machine. Tickets may also be purchased through a lottery subscription system as provided in Rule 3.6.

3.2 Claims. A ticket (subject to the validation requirements set forth in Section 7.0 (Ticket Validation)) shall be the only proof of a game play or plays and the submission of a winning ticket to the issuing Party Lottery or its authorized agent shall be the sole method of claiming a prize or prizes. A play slip has no pecuniary or prize value and shall not constitute evidence of ticket purchase or of numbers selected. A terminal produced paper receipt has no pecuniary or prize value and shall not constitute evidence of ticket purchase or of numbers selected.

3.3 Cancellations Prohibited. A ticket may not be voided or canceled by returning the ticket to the selling agent or to the lottery, including tickets that are printed in error. No ticket which can be used to claim a prize shall be returned to the Lottery for credit. Tickets accepted by retailers as returned tickets and which cannot be re-sold shall be deemed owned by the bearer thereof.

3.4 Player Responsibility. It shall be the sole responsibility of the player to verify the accuracy of the game play or plays and other data printed on the ticket. The placing of plays is done at the player's own risk through the on-line agent who is acting on behalf of the player in entering the play or plays.

3.5 Entry of Plays. Plays may only be entered manually using the lottery terminal keypad or touch screen or by means of a play slip provided by the Lottery and hand-marked by the player or by such other means approved by the Lottery. Retailers shall not permit the use of facsimiles of play slips, copies of play slips, or other materials that are inserted into the terminal's play slip reader that are not printed or approved by the Lottery. Retailers shall not permit any device to be connected to a lottery terminal to enter plays, except as approved by the Lottery.

3.6 Registration of Plays. Subscription plays may be registered by the Lottery at a lottery processing site which meets the requirements established by the Product Group and the Security and Integrity Committee.

Section 4.0 —PRIZE POOL

4.1 Prize Pool. The prize pool for all prize categories shall consist of up to fifty-five percent (55%) of each drawing period's sales, including any specific statutorily-mandated tax on a Party Lottery to be included in the price of a lottery ticket, after the prize reserve accounts are funded to the amounts set by the Product Group, but may be higher or lower based upon the number of winners at each prize level, as well as the funding required to meet a guaranteed Annuity Grand Prize as may be required by Rule 6.1. Any amount remaining in the prize pool or reserves at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the Product Group in accordance with state law.

4.2 Prize Reserve Accounts. An amount up to five percent (5%) of a Party Lottery's sales, including any specific statutorily-mandated tax on a Party Lottery to be included in the price of a lottery ticket, shall be added to a Party Lottery's Grand Prize Pool contribution and placed in trust in one or more prize reserve accounts held by the Product Group at any time that the Party Lottery's share of the prize reserve account(s) is below the amounts designated by the Product Group. The Product Group, with approval of the Finance & Audit Committee, may establish a maximum balance for the prize reserve account(s). The Product Group may determine to expend all or a portion of the funds in the accounts for the payment of prizes or special prizes in the game; subject to the approval of the Finance and Audit Committee. The shares of a Party Lottery may be adjusted with refunds to the Party Lottery from the prize reserve account(s) as may be needed to maintain the approved maximum balance and shares of the Party Lotteries. Any amount remaining in a prize reserve account at the end of this game shall be carried forward to a replacement prize reserve account or expended in a manner as directed by the Product Group in accordance with state law.

4.3 Expected Prize Payout Percentages. The Grand Prize shall be determined on a pari-mutuel basis. Except as provided in these rules, all other prizes awarded shall be paid as set cash prizes with the following expected prize payout percentages, which does not include an additional amount held in prize reserves:

Number of Matches Per Play	Prize Payment	Prize Pool Percentage Allocated to Prize
All five (5) of first set plus one (1) of second set.	Grand Prize	63.60%
All five (5) of first set and none of second set.	\$250,000	12.80%
Any four (4) of first set plus one (1) of second set.	\$10,000	2.90%
Any four (4) of first set and none of second set.	\$150	1.96%
Any three (3) of first set plus one (1) of second set.	\$150	2.18%
Any two (2) of first set plus one (1) of second set.	\$10	2.38%
Any three (3) of first set plus none of second set.	\$7	4.58%
Any one (1) of first set plus one (1) of second set.	\$3	4.26%
None of first set plus one (1) of second set.	\$2	5.34%

(a) The prize money allocated to the Grand Prize category shall be divided equally by the number of winning plays on tickets winning the Grand Prize.

(b) The prize pool percentage allocated to the set prizes (the cash prizes of \$250,000 or less) shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the set prizes awarded in the current draw.

(c) **Liability Cap.** Should total prize liability for all lotteries selling the Mega Millions game (exclusive of jackpot prize carry forward) exceed 300 percent (300%) of draw sales or 50 percent (50%) of draw sales plus \$50,000,000 (fifty million dollars), whichever is less, (both hereinafter referred to as the "Liability Cap"), the second through fifth prizes (\$250,000, \$10,000, \$150, and \$150 prize levels) shall be paid on a pari-mutuel basis, provided, however, that in no event shall the pari-mutuel prize be greater than the official advertised prize. The amount to be used for the allocation of such pari-mutuel prizes (two through five) shall be the liability cap less the amount paid for the jackpot prize and prize levels six through nine (\$10, \$7, \$3 and \$2 prize levels). To fund their portion of the Liability Cap, the Party Lotteries may utilize: (i) the amount allocated to the set prizes and carried forward from previous draws, if any, and (ii) an amount from the reserve accounts.

In the event the Liability Cap is met, the amount to fund the Grand/Jackpot Prize together with the amounts to fund prize levels six (6) through nine (9) shall be first paid from the Liability Cap amount. The balance of the Liability Cap, after deducting the Grand/Jackpot Prize and payment for prize levels six (6) through nine (9) (hereinafter referred to as the "Liability Cap Balance"), shall be

applied to prize levels two (2) through five (5) on a pari-mutuel basis in accordance with the following formula:

Prize Level two (2) (normally \$250,000) shall be an amount equal to 64.53% of the Liability Cap Balance divided by the number of winners in Prize Level two (2);

Prize Level three (3) (normally \$10,000) shall be an amount equal to 14.63% of the Liability Cap Balance divided by the number of winners in Prize Level three (3); and

Prize Levels four (4) and five (5) (normally \$150) shall be an amount equal to 20.84% of the Liability Cap Balance divided by the number of combined winners in Prize Levels four (4) and five (5).

(d) Except as may be required by Rule 6.1, the official advertised Grand Prize annuity amount is subject to change based on sales forecasts and/or actual sales. Additionally, this prize amount may be rounded up to the next highest affordable multiple of one million dollars, at the discretion of the Party Lotteries.

(e) Subject to the laws and rules governing each Party Lottery, the number of prize categories and the allocation of the prize fund among the prize categories may be changed at the discretion of the Mega Millions Lotteries, for promotional purposes. Such change shall be announced by Mega Millions Lotteries.

Section 5.0 -- PROBABILITY OF WINNING. The following table sets forth the probability of winning and the probable distribution of winners in and among each prize category, based upon the total number of possible combinations in Mega Millions.

Section 6.0 -- PRIZE PAYMENT

6.1 Grand Prizes.

(a) The portion of the prize money allocated from the current Mega Millions prize pool for the Grand Prize, plus any previous portions of prize money allocated to the Grand Prize category in which no matching tickets were sold and monies from a reserve needed to fund a guaranteed grand prize will be divided equally among all jackpot prize winners in all participating lotteries. The annuity Grand Prize amount will be paid in 26 annual installments. If a Mega Millions Lottery law or rule requires that the official advertised annuity prize amount shall be the basis for determining the amount to be awarded for the Mega Millions Grand Prize; a play matching all five of the five Mega Millions winning numbers drawn for field 1 and the one Mega Millions winning number drawn for field 2, then it shall be funded by the Selling Lotteries. However, if the sales support a

jackpot that is at least \$12 million, as an annuity, lower than the advertised annuity prize amount, then the resulting annuity prize amount to be paid will be the highest fully funded million plus \$12 million, as an annuity, or the advertised jackpot, whichever is lower. In no event, however, as may be required by a Mega Millions Lottery law or rule, shall the jackpot paid be less than the official advertised annuity prize amount of the immediately prior drawing. When there is only one winning Mega Millions ticket for the annuity prize, no Grand Prize paid in 26 annual installments shall be less than \$12 million.

(b) If in any Mega Millions drawing there are no Mega Millions plays which qualify for the Grand Prize category, the portion of the prize fund allocated to such Grand Prize category shall remain in the jackpot prize category and be added to the amount allocated for the Grand Prize category in the next consecutive Mega Millions drawing.

(c) Grand prizes shall be paid, at the election of the player made no later than 60 days after the player becomes entitled to the prize, with either a per winner annuity or cash payment. If the payment election is not made by the player within 60 days after the player becomes entitled to the prize, then the prize shall be paid as an annuity prize. The election to take the cash payment may be made within 60 days after the player becomes entitled to the prize. An election made after the winner becomes entitled to the prize is final and cannot be revoked, withdrawn or otherwise changed.

(d) In the event of a prize winner who selects the cash value option, the prize winner's share will be paid in a single payment upon completion of internal validation procedures. The cash option amount shall be determined by the Product Group.

(e) Annual payment option jackpot prizes shall be paid in 26 annual installments upon completion of internal validation procedures. The initial payment shall be paid upon completion of internal validation procedures. The subsequent 25 payments shall be paid annually to coincide with the month of the Federal auction date at which the bonds were purchased to fund the annuity. All such payments shall be made within seven days of the anniversary of the annual auction date.

(f) If individual shares of the cash held to fund an annuity is less than \$250,000, the Product Group, in its sole discretion, may elect to pay the winners their share of the cash held in the Grand Prize pool. All annuitized prizes shall be paid annually in twenty-six (26) payments with the initial payment being made in cash, to be followed by twenty-five (25) payments funded by the annuity. Prize payments may be rounded down to the nearest one thousand dollars (\$1,000).

(g) Funds for the initial payment of an annuitized prize or the lump sum cash prize shall be made available by MUSL for payment by the Party Lottery on a schedule approved by the Product Group. If necessary, when the due date for the payment of a prize occurs before the receipt of funds in the prize pool trust sufficient to pay the prize, the transfer of funds for the payment of the full lump sum cash amount may be delayed pending receipt of funds from the Party Lotteries or other lotteries participating in the Mega Millions Game. A Party

Lottery may elect to make the initial payment from its own funds after validation, with notice to MUSL.

(h) In the event of the death of a lottery winner sold by a Party Lottery during the annuity payment period, the MUSL Finance & Audit Committee, in its sole discretion excepting a discretionary review by the Product Group, upon the petition of the estate of the lottery winner (the "Estate") to the lottery of the jurisdiction in which the deceased lottery winner purchased the winning ticket, and subject to federal, state, district or territorial applicable laws, may accelerate the payment of all of the remaining lottery proceeds to the Estate. If such a determination is made, then securities and/or cash held to fund the deceased lottery winner's annuitized prize may be distributed to the Estate. The identification of the securities to fund the annuitized prize shall be at the sole discretion of the Finance & Audit Committee or the Product Group.

6.2 Low-Tier Cash Prize Payments. All low-tier cash prizes (all prizes except the Grand Prize) shall be paid in cash through the Party Lottery which sold the winning ticket(s). A Party Lottery may begin paying low-tier cash prizes after receiving authorization to pay from the MUSL central office.

6.3 Prizes Rounded. Annuitized payments of the Grand Prize or a share of the Grand Prize may be rounded to facilitate the purchase of an appropriate funding mechanism. Breakage on an annuitized Grand Prize win shall be added to the first cash payment to the winner or winners. Prizes other than the Grand Prize, which, under these rules, may become single-payment, pari-mutuel prizes, may be rounded down so that prizes can be paid in multiples of whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

6.4 Rollover. If the Grand Prize is not won in a drawing, the prize money allocated for the Grand Prize shall roll over and be added to the Grand Prize pool for the following drawing.

6.5 [Reserved for Future Use]

6.6 Limited to Highest Prize Won. The holder of a winning ticket may win only one prize per play in connection with the winning numbers drawn, and shall be entitled only to the prize won by those numbers in the highest matching prize category.

6.7 Prize Claim Period. Prize claims shall be submitted within the period set by the Party Lottery selling the ticket, which in Vermont is one year from the prize eligibility date. The prize eligibility date is the date of the winning draw.

6.8 Prize Assignment. Payment of a prize may be made to a person other than the winner pursuant to Vermont Statutes Annotated, Title 31, Section 658(c), which adopts the payment provisions of Title 31, Section 674L.1.1A-I.

Section 7.0 —TICKET VALIDATION.

7.1 General Requirements for Validation. To be a valid ticket and eligible to receive a prize, a ticket shall satisfy all the requirements established by a Party Lottery for validation of winning tickets sold through its on-line system and any other validation requirements adopted by the Product Group and the MUSL Board. The MUSL and the Party Lotteries shall not be responsible for tickets which are altered in any manner.

7.2 Specific Requirements for Validation of Tickets Sold in Vermont

In the event of a dispute or other instance of doubt, the decision of the executive director shall be final and binding. If the executive director determines that the ticket is not eligible to receive a prize, then the executive director may, at the executive director's option, replace an invalid, defective or otherwise erroneous ticket with a ticket of equivalent sales price from any current lottery game. Replacement of the ticket shall be the bearer or claimant's sole and exclusive remedy.

Any amount remaining in the prize pool at the end of this game shall be carried forward to a replacement game or expended in a manner as directed by the Product Group in accordance with state law.

15.2 Prize Reserve Accounts. Any amount not used to pay for multiplied prizes may be collected and placed in the rollover account or in trust in one or more prize reserve accounts until the prize reserve accounts reach the amounts designated by the Product Group.

15.3 Expected Prize Payout. Except as provided in these rules, all prizes awarded shall be paid as lump sum set prizes. Instead of the Mega Millions set prize amounts, qualifying Megaplier plays will pay the amounts shown below when matched with the Megaplier number drawn:

Prize Levels Standard		With Megaplier Purchase		
Match 5+0	\$250,000	\$1,000,000	\$1,000,000	\$1,000,000
Prize Levels with Megaplier Purchase and Multiplier				
	Standard	2X	3X	4X
Match 4+1	\$10,000	\$20,000	\$30,000	\$40,000
Match 4+0	\$150	\$300	\$450	\$600
Match 3+1	\$150	\$300	\$450	\$600
Match 2+1	\$10	\$20	\$30	\$40
Match 3+0	\$7	\$14	\$21	\$28
Match 1+1	\$3	\$6	\$9	\$12
Match 0+1	\$2	\$4	\$6	\$8
Multiplier numbers do not apply to the Mega Millions Grand Prize or to the Match 5+0 Prize.				

In certain rare instances, the Mega Millions set prize amount may be less than the amount shown. In such case, the seven lowest Megaplier prizes will be a multiple of the changed Mega Millions prize amount, announced after the draw. For example, if the Match 4+1 Mega Millions set prize amount of \$10,000 becomes \$5,000 under the rules of the Mega Millions game, then a Megaplier player winning that prize amount with a 4X multiplier would win \$20,000 (\$5,000 x 4). The Game Group may determine the amount of the Match 5+0 prize to match the funds available to fund the prize payments.

Section 16.0 — PROBABILITY OF WINNING. The following table sets forth the probability of the various Megaplier numbers being drawn during a single Mega Millions drawing. The Group may elect to run limited promotions that may increase the multiplier numbers.

<i>Megaplier</i>	<i>Probability of Prize Increase</i>
4X - Prize Won Times 4	12 in 21
3X - Prize Won Times 3	7 in 21
2X - Prize Won Times 2	2 in 21

Multiplier numbers do not apply to the Mega Millions Grand Prize or to the Match 5+0 Prize.

Section 17.0 — LIMITATIONS ON PAYMENT OF MEGAPLIER PRIZES.

17.1 Prize Pool Carried Forward. The prize pool percentage allocated to the Megaplier set prizes shall be carried forward to subsequent draws if all or a portion of it is not needed to pay the set prizes awarded in the current draw or may be held in a prize reserve account.

17.2 Pari-Mutuel Prizes—All Prize Amounts. If the total of the original Mega Millions set prizes and the Megaplier prizes awarded in a drawing exceeds the percentage of the prize pools allocated to the set prizes, then the amount needed to fund the set prizes (including the Megaplier prize amounts) awarded shall be drawn from the following sources, in the following order: **(i)** the amount allocated to the set prizes and carried forward from previous draws, if any; **(ii)** an amount from the Mega Millions reserve accounts not to exceed the lesser of 300% of draw sales or 50% of draw sales plus \$50 million. If, after these sources are depleted, there are not sufficient funds to pay the set prizes awarded (including Megaplier prize amounts), then the prize levels two through five shall become a pari-mutuel prize, as set out in Rule 4.3(c). The Mega Millions and Megaplier prize pools shall be combined in the rare instance when the set prizes, pursuant to the rules, are paid on a pari-mutuel basis, so that the multipliers, as provided for in the rules, will remain in effect for all applicable prize levels. The Match 5+0 prizes may be reduced as announced by the Mega Millions Product Group.

Section 18.0 – PRIZE PAYMENT

18.1 Prize Payments. All Megaplier prizes shall be paid in one lump sum through the Party Lottery that sold the winning ticket(s). A Party Lottery may begin paying Megaplier prizes after receiving authorization to pay from the MUSL central office.

18.2 Prizes Rounded. Prizes, which, under these rules, may become pari-mutuel prizes, may be rounded down so that prizes can be paid in whole dollars. Breakage resulting from rounding these prizes shall be carried forward to the prize pool for the next drawing.

PART IV AGENTS

Section 19.0 - Agents

19.1 Agents selling Mega Millions and Megaplier tickets shall comply with all applicable Vermont laws, rules, regulations, procedures, and decisions of the Lottery and with all applicable MUSL rules, regulations and requirements.

19.2 Each agent shall receive 6.00 percent (6%) of gross receipts for Mega Millions and Megaplier tickets sold by that agent as a commission. The 6.00 percent (6%) commission applies to Mega Millions and Megaplier sales only.
