Vermont Lottery Announces Tri-State Megabucks Second Chance Drawing for New Car

South Barre, VT; November 22, 2002—The Vermont Lottery is bringing a new element of excitement to Tri-State Megabucks with a special Second Chance Drawing for a new Honda Civic Hybrid.

Starting November 25, 2002, Megabucks players who purchase their tickets in Vermont may return their non-winning Megabucks tickets to the Vermont Lottery for a chance at a car that's as wallet-friendly as it is earth friendly.

According to Vermont Lottery Executive Director Alan Yandow, The Megabucks Second Chance Drawing is a great way for Megabucks players to add even more fun to the game. "The Vermont Lottery represents good clean fun when played responsibly. The Megabucks Second Chance Drawing adds a whole new level of excitement for players who don't win a cash prize. The drawing also keeps Vermont clean by helping us collect non-winning tickets that we'll recycle when the drawing is over."

Non-winning Tri-State Megabucks tickets may be sent to "Recycle & Win", P.O. Box 999, South Barre, VT 05670. Players are asked to check the Vermont Lottery's web site at www.vtlottery.com soon for additional information regarding contest rules, regulations and schedules, or call 1-800-322-8800 (in Vermont) or (802) 479-5686. The drawing for the Megabucks Second Chance contest will be held in the late summer of 2003.

Vermont Lottery instant games are sold at over 700 agent locations throughout Vermont. For information on lottery games and draw results, visit www.vtlottery.com.

All profits from the Vermont Lottery are used to support the Vermont Education Fund. Vermont Lottery officials encourage everyone to play responsibly.
